

User Stories – 91 MOTO Project

Home Page

As a visitor, I want to navigate easily between different sections of the website so that I can quickly access the information or features I need.

Haraj Page (Motorcycle Listings)

As a registered user, I want to create and publish motorcycle advertisements with images, descriptions, and pricing so that potential buyers can view and respond to my listings.

As a visitor, I want to browse available motorcycle advertisements so that I can explore bikes that match my interests.

Events Page

As a user, I want to view upcoming motorcycle events with clear details such as date, time, location, and description so that I can decide which events to attend.

As an admin, I want to create, edit, and manage event listings so that the community is informed about planned gatherings and activities.

Store Page

As a user, I want to browse and search for biking gear and parts organized by category so that I can find the products I need efficiently.

As an admin, I want to upload and manage products in the store, including names, prices, categories, and images, so that users have access to up-to-date product information.

Bikestagram Page

As a registered user, I want to upload and share photos related to biking so that I can engage with the community and showcase my motorcycle.

As a user, I want to view, like, and comment on other users' posts so that I can interact and build connections within the biking community.

About Page

As a visitor, I want to learn about the website's mission, team, and purpose so that I understand the goals and values of the 91 MOTO platform.

User Profile Page

As a registered user, I want to view and update my personal profile information, including avatar and bio, so that my account reflects my identity in the community.

Authentication (Sign Up / Sign In)

As a visitor, I want to create a secure account so that I can access members-only features such as posting, buying, and interacting with others.

As a registered user, I want to log in and log out securely so that my personal data and activity are protected.
